Jail Death Investigation

On April 28, 2022, at approximately 1:07 A.M. detention deputies at the Anoka County Jail noticed an unresponsive adult male inmate in his cell. Staff immediately requested assistance from EMS and began actively administering life saving measures. Unfortunately, the extensive measures were unsuccessful, and the inmate was declared deceased at the scene.

“This is a tragic situation in which we anxiously await the results of the investigation and the report from the medical examiner. Our thoughts and prayers remain with the family during this difficult time.” stated Sheriff James Stuart.

As per protocol, the Sherburne County Sheriff’s Office is leading the investigation with the Midwest Medical Examiner’s Office. The Sherburne County Sheriff’s Office will provide further updates as they become available. No further information will be released at this time.
