

Local Sales Tax Rate Lookup Tools

The Minnesota Department of Revenue offers a variety of local sales tax lookup tools. We have tools that allow you to search by address, zip code, and a mapping application. All the tools we provide use a nine-digit ZIP code search to provide the most accurate results. All of the tools are on our website at www.revenue.state.mn.us; Search the keyword “Local Sales Tax Information”.

The tools within this document do not include rates for Special Local Taxes. For more information, see:

- Minneapolis Special Taxes Fact Sheet
- Special Local Taxes Fact Sheet

Tax Rate Search Tools

Sales Tax Calculator	Allows you to search for tax rates using a street address or nine-digit ZIP code.
Sales Tax Rate Map	Allows you to search tax rates using an interactive map of Minnesota.
Sales Tax Rate Spreadsheet	A downloadable spreadsheet that allows you to search using a nine-digit ZIP code.

Tax Rate Tools for Sales Systems

Sales Tax API (Application Program Interface)	Connects an online retailer’s sales site and Minnesota Sales Tax Rate information using a nine-digit ZIP code.
Rates and Boundary Files	These files allow you to program rates into your point-of-sale system from the Streamlined Sales Tax Website.

Other Tax Rate Tools

Local Sales Tax Rate Guide	A table that lists the rates for all Minnesota cities and counties with general local taxes administered by the Department of Revenue.
Twin Cities Area Local Tax Rate Guide	A table that lists the rates for the Twin Cities metro-area cities and counties with general local taxes administered by the Department of Revenue.
Tax Type Codes	A spreadsheet that provides tax line numbers, FIPS codes, tax rates, and effective dates for each local tax administered by the Minnesota Department of Revenue.
