

# *Did you know?*

In recent years up to **35%** of  
fire related deaths in Minnesota  
were from smoking.

**Smoking is the leading cause of fatal fires each year in Minnesota.**

Data from the Minnesota Department of Public Safety, State Fire Marshal

# Make Your Property Smokefree Today!

We can help protect your property and residents from a smoking-related fire in your building. Having a smokefree policy is an effective way to protect your building and residents and can save you a lot of money in the long run.

## The American Lung Association can provide **FREE** materials for the following:

- Sample policy language
- Smokefree signage for indoors and outdoors
- Presentations to tenants
- Linking tenants to tobacco treatment resources
