Subscription required: Cost of \$49.95. This includes over 75 hours of training webinars on various topics. Each webinar is worth one training hour credit.

Fetal Alcohol Spectrum Disorder (FASD) Part I: Understanding the Disorder

This training webinar examines what FASD is, and how it affects children and the families that care for them.

Fetal Alcohol Spectrum Disorder (FASD) Part II: Helping Children with the Disorder

This training webinar examines how to best help children with FASD

FASD: Supporting the Child and Supporting the Family

This session will focus on the challenges that Fetal Alcohol Spectrum Disorder (FASD) bring for both children and the families that care for them. Participants will gain knowledge and strategies designed to best help children who suffer from FASD and how to strengthen families that care for these children
