

Commercial Tobacco Free

Working Toward a Healthier, Commercial Tobacco-Free Future

Whether you're looking for the latest data, health resources, or opportunities to improve your property, there's something in this issue for everyone working toward a cleaner, healthier commercial tobacco-free future.

News, Resources, and Grants

State of the Air Report 2025:

For 26 years, the American Lung Association has analyzed data from official air quality monitors to compile the [State of the Air report](#). The report finds that, nearly half of the U.S. population lives with unhealthy levels of air pollution. Within Minnesota 20 out of 87 counties could be graded for at least one measure of air quality. See how [Anoka County](#) compares to other surrounding counties.

The more you learn about the air you breathe, the more you can protect your health and take steps to make the air cleaner and healthier.

Spotlight: Foxtail Hollow Townhomes Go Smoke Free

Foxtail Hollow Townhomes in Blaine are proudly smoke free! In May 2024, Bader Management Companies implemented a comprehensive smoke free housing policy across all 12 buildings and 76 units. With support from SHIP and the American Lung Association, the property recently received new smoke-free signage for doors and windows throughout the property.

Are you a property manager or owner interested in promoting a healthier living environment, want to update your policy, get new signage? Contact Chelsey.Skogen@Lung.org to learn how you can get free smoke-free signage for your property.
