Supporting Licensed Family Child Care in Anoka County and Surrounding Areas Est. 1972

We are a non-profit association that serves as a support group for licensed family child care providers. We serve Anoka County as well as the surrounding areas. It is run solely by volunteers. We have been supporting providers since 1972! Our mission is to provide quality training to licensed family child care providers at affordable rates and serve as a resource for mentoring, community awareness and professionalism.

The cost for a yearly membership is \$76.50, the following are a few benefits of being a LCCPAC member:
